DUGDH SARITA: As part of IDA's mission of serving the dairy sector, the publication of a new journal "Dugdh Sarita" in Hindi language is dedicated to dairy farmers and other dairy stakeholders in response to their huge demand. This new journal would be focused on the issues and problems faced by them and also related information and Government policies. "Dugdh Sarita" would speak directly to the farmers on all dairy-related issues.

Circulation of "Dugdh Sarita" would be around 4000 plus copies and may be more. It would be circulated to all the IDA members, including institutional members in cooperative and private dairy sector, academic institutions and all concerned Government departments. It would serve as a medium for effective dissemination of new techniques, best milk practices and increasing production among other things. "Dugdh Sarita" will be featuring articles, news and views, case studies, success stories and much more. Its mission would be to spread across the dairy sector measures which would reap immense benefits and which would propel our farmers and in turn the entire dairy industry towards greater successes.

IDA already publishes two journals, "Indian Dairyman" and "Indian Journal of Dairy Science" which are widely acclaimed and subscribed to at national and international levels.
