

Obituary

Dr. Mukti Nath Sinha

1934-2024

Indian Dairy Association (IDA) expresses profound sorrow at the loss of Dr. Mukti Nath Sinha, Former Head & Principal Scientist at SRS of ICAR-NDRI, Bengaluru, who passed away on June 23, 2024 at the age nearing 90 years, after a short period of ailing.

Dr. Sinha was born on December 7, 1934 in Rural North Bihar in Kanchedwa just after the great earthquake of 1934. He did B.Sc. from PUSA, M.Sc. and Ph.D. from Punjab Agricultural University, Ludhiana. He worked after Pusa in Chauki Farm for two years. Thereafter, he started working in Hisar as a Dairy Officer/ Assistant Professor/ Dairy Manager until 1975. In the year 1975, he joined Southern Regional Station of NDRI wherein he worked in various capacities as Associate Professor, HOD

Extension, the Regional Chief of ICAR-NDRI, Zonal coordinator, ICAR-ZPD, Bangalore and retired from his active service in 1994.

Dr. Sinha was associated with many professional societies including Indian Dairy Association as Life Member and also worked as Chairman of IDA (SZ). He was Life Member of Indian Science Congress and ISCKON. Dr. Sinha was very sincere and was known for his outright remarks. He was religious and was having high sense of humour besides being a good human being. He was highly simple in his attire and behaviour.

Dr. Sinha is survived by his wife, Son, who is doctor at US and two married daughters and grandchildren. The Association expresses its condolences on passing of Dr. M.N. Sinha, praying for heavenly peace for the departed soul and strength for the family to cope with this profound loss.
